Comissão Especial da Seca faz 1ª audiência pública em Floresta

Instalação de poços apontada como opção para minimizar efeitos da estiagem

FOTOS: RINALDO MARQUES

COLEGIADO - *Participaram da reunião, o presidente do grupo, RaimundoPimentel, e os deputados Rodrigo Novaes, Isabel Cristina e Augusto César*

FLORESTA - Ouvir as demandas da população do município de Floresta e da região do Sertão de Itaparica, quanto à implantação de medidas emergenciais de combate à seca. Esse foi o objetivo da audiência pública, promovida na última quinta (17), na Câmara de Vereadores da cidade, pela Comissão Especial de Acompanhamento às Medidas de Enfrentamento à Seca e das Obras Estruturadoras do Semiárido. O encontro foi proposto pelo vice-presidente do colegiado, o deputado Rodrigo Novaes (PSD).

Na ocasião, lideranças comunitárias e o público em geral apresentaram sugestões. Entre elas, a criação de ações emergenciais para aperfeiçoar a utilização das águas dos rios que cortam as regiões, como a do Pajeú. Também foi sugerida a instalação de poços do tipo amazonas, que são escavados manualmente e revestidos com tijolos ou anéis de concreto, captando a água do lençol freático. Já o poço artesiano, também sugerido, dá acesso aos mananciais subterrâneos. Os participantes da audiência também defenderam a necessidade de alimentar os animais por meio de ração durante a estiagem.

Segundo Novaes, as sugestões e reivindicações da população serão encaminhadas ao Comitê de Combate à Seca do Estado, instituído no início de maio, para minimizar os estragos provocados pela seca. "É necessário que o órgão funcione de forma permanente. O Semiárido precisa de atenção do Governo do Estado e de ações concretas para desenvolver um plano hídrico que diminua o problema", reforçou.

Os investimentos - na ordem de R$ 2,7 bilhões -, anunciados pelo Governo Federal, em benefício das famílias atingidas pela seca, no Nordeste, foram destacados pelo presidente da Comissão, deputado Raimundo Pimentel (PSB). "Estão previstas ações para ampliar o fornecimento de água e de apoio ao agricultor, assim como obras e operações estruturadoras. O pacote também prevê a concessão de crédito emergencial de até R$ 12 mil para pequenos produtores e o Bolsa-Estiagem, que garantirá o pagamento de R$ 400 ao pequeno agricultor", enfatizou.

Os deputados Augusto César (PTB) e Isabel Cristina (PT), que integram o colegiado, consideraram o debate propositivo por ouvir a população e também levar informações aos agricultores mais prejudicados. A petista é relatora da Comissão.

Na avaliação do representante da Agência Pernambucana de Águas e Clima (Apac), Patrice Oliveira, o órgão tem como função operacionalizar a política implantada pelo Governo. "Auxiliamos a população através de previsões quanto à seca. Informamos também de que forma podemos dividir a água que temos", afirmou. Também participaram do encontro, o prefeito de Itacuruba, Romero Magalhães; o presidente da Câmara de Vereadores de Floresta, vereador Romualdo Torres; representantes da Prefeitura de Floresta, do Ministério Público de Pernambuco, do Banco do Brasil, do Banco do Nordeste e de diversas associações, sindicatos e comunidades.

Parecer de Comissão

Parecer N° 2452/2012

A COMISSÃO DE REDAÇÃO FINAL, tendo presente o Projeto de Lei Ordinária nº 899/2012, já aprovado em segunda e última discussão, é de Parecer que lhe seja dada a seguinte Redação Final:

Ementa: Autoriza a supressão de vegetação de preservação permanente na área que especifica, e dá outras providências.

Art. 1º Fica autorizada a supressão de vegetação de preservação permanente, de acordo com o inciso I do § 1º do art. 8º da Lei nº 11.206, de 31 de março de 1995, da área total de 1.576,24 hectares de vegetação de caatinga arbustiva-arbórea delimitada pelos pontos e coordenadas constantes dos Anexos I e II, necessária à implantação das obras dos eixos norte e leste do Projeto de Integração do Rio São Francisco com Bacias Hidrográficas do Nordeste Setentrional, localizadas nos Municípios de Cabrobó, Salgueiro, Verdejante, Floresta, Petrolândia, Custódia, Betânia e Sertânia, neste Estado.

Parágrafo único. A autorização para supressão de que trata o *caput* fica condicionada à compensação da vegetação suprimida com a preservação ou recuperação de ecossistemas semelhantes em, no mínimo, correspondente à área degradada, nos termos do § 2º do art. 8º da Lei nº 11.206, de 1995.

Art. 2º A execução de qualquer obra ou serviço no local onde haverá a supressão de vegetação de preservação permanente somente será iniciada mediante a emissão das respectivas Autorizações para Supressão Vegetal – ASVs por parte do Instituto Brasileiro do Meio Ambiente e dos Recursos Naturais Renováveis – IBAMA, que acompanha a realização da obra em todas as fases técnicas.

Art. 3º Esta Lei entra em vigor na data de sua publicação.

Art. 4º Revoga-se a Lei nº 13.753, de 24 de abril de 2009.

O Projeto Fala Cidadão é uma iniciativa que busca aproximar, cada vez mais, a Assembléia Legislativa da sociedade e garantir a transparência do serviço público. Por meio de uma ligação gratuita, os cidadãos podem ter acesso a projetos em tramitação, leis, história institucional, agenda de audiências e eventos da Casa, entre outros.
